

Congratulations to our Digital Council, who were 'Highly Commended' at the Community Education Awards 2016 for their Safer Internet Week!

Last month, we received the fantastic news that our Safer Internet Week had been shortlisted for an award at the Community Education Awards 2016. This week, we heard that we were 'Highly Commended' for our event, receiving a certificate and lots of resources that will help us to continue our promotion of e-Safety around school!

We have had an excellent year regarding the teaching and learning of e-safety issues in our school:

- Our new website now has separate sections for e-Safety and our Digital Leaders.
  - We were also part of an Internal Audit review which involved a sample of schools. Churchtown Primary was graded as VERY GOOD.
  - Our School Forum discussed how we can continue to promote ways of staying safe online to staff, parents and children.
  - We are now in the process of organising e-Safety workshops for parents in September.
- Well done to our Digital Council for all their hard work this year!

## Science Festival at Uclan

Twelve potential scientists had an inspirational day out visiting the Lancashire Science Festival at UCLAN (University of Central Lancashire), in Preston.

The group spent time meeting local employers who showed them how science impacted on their daily lives and gave them the opportunity to try out various tasks and challenges such as planning roads and wearing special gloves whilst working with 'nuclear reactive' items!

From the science floorshow, Amy, our enthusiastic Science Ambassador took us to watch Dr Matt Pritchard and his show about time.

The Churchtown children were first up as volunteers and even got to witness teleporting before their very own eyes!

After a quick bit of lunch it was time to meet Dr Kevin Bowman to learn about robots from the past, the present (Sunday 3rd July is the final of the Euro 16 Robot Football Championship) and what we can expect in the future, such as driverless cars.

Finally it was off to see the Experimentrics who provided us with an action packed show of tricks, laughs, practical jokes and science based wonderment that had the children enthralled for 40 minutes and amazingly the artists never spoke a word whilst they performed!

## CHURCHTOWN'S BABY AND TODDLER GROUP

Last week we had lots of fun decorating biscuits, exploring the chocolate and vanilla play dough, and using the musical instruments. We even had some superheroes that came to visit us. Come join the fun next Friday at 9am in the early years hall. Open to all families - last one this week the 8th July.

## FRENCH MENU - 13TH JULY

*le déjeuner*

**BEEF BOURGUIGNON OR VEGETABLE BOURGUIGNON**  
with RICE AND FRENCH BAGUETTE
