

Dear Children at Churchtown Primary,

On Tuesday 3rd October we had special visitors from Ofsted who visited your school. We are writing to let you know what the inspectors thought following their visit.

They thought that Churchtown is a really good school which is always trying to be even better. They could see that you enjoy coming to school and enthuse about the things that you learn in school as well as getting on very well with each other, showing excellent tolerance and respectfulness. They really liked how your classrooms have a great 'buzz' when learning is taking place due to the teachers making learning fun and interesting. You told the inspectors that you feel safe at school and they feel that as a school we prepare you extremely well for moving onto high school.

You show enthusiasm, behave very well, have excellent attitudes to learning and work hard in lessons. As a result of this you do well, especially in your work. You have really good relationships with your teachers and teaching assistants and are polite and helpful to visitors. Your teachers enjoy planning learning for you but they also enjoy learning too. They know what to do to make the school even better.

We know that you like your lessons to be challenging so we are going to work even harder on this, especially in maths to ensure your lessons are challenging for you.

Thank you to all of you for being super Churchtown Champions, we are very proud of you all. We know that you will continue to work hard and do your very best.

Yours sincerely,

Mrs Payne and Mrs Taylor
