Problem Solving at Birkdale High School

Following a problem solving workshop held here in February by Birkdale High School's head of Year 7 I took the winning team from our school to Birkdale High School to compete against other local schools. The boys had to design a way of protecting an egg to keep it intact when it was dropped from a considerable height. Our school was one of the winning teams, with the egg not breaking, and they were extremely well behaved. I took Lewis Buckley, Ajay Blake, William Gibbons and Zach Bentham. Well done all of you.
