Homework

Summer Term Homework

Homework

Homework until the end of the summer term will be reading, (remember the Reading Lottery), practising spellings, multiplication tables and a science project.

This summer term, something exciting is happening at Churchtown Primary School! We will be holding a 'Summer of Science'. All year groups will be engaged in learning focused around different aspects of science, from space and astronomy, to bees and pollination and lots in between!

Summer Term Homework Project

The theme for homework across the whole school during the summer term will be Science. We want to see families getting involved and adults collaborating with children, to create a family project which you can work on as a team. The theme for the Reception project is Dinosaurs. Year 5's project will be based around the Science Fair which they are already working towards.

Years 1, 2, 3, 4 and 6 might like to choose a famous scientist or inventor to research, or base a project around an area of science that you are really interested in, such as electricity, weather forces, food chains, growing plants or magnets. Perhaps you have an idea for a scientific invention of your own?

Projects can be presented in any way you choose; a model, a display, a poster, a book, even a song or a video! Use your imagination – the sky is the limit!

Completed projects should be returned to school on the following dates

Year Group	Project	Completion Deadline and Celebration Day
Year 5	Linked to Science Fair	Monday 2 July
RC	Dinosaur Project	Monday 9 July
RH	Dinosaur Project	Tuesday 10 July
RSW	Dinosaur Project	Wednesday 11 July
RS	Dinosaur Project	Thursday 12 July
Year 6	Your choice of science linked theme	Monday 16 July
Year 1	Your choice of science linked theme	Tuesday 17 July
Year 2	Your choice of science linked theme	Wednesday 18 July
Year 3	Your choice of science linked theme	Thursday 19 July
Year 4	Your choice of science linked theme	Friday 20 July

As a form of celebration, parents will be invited in to their child's class after school on the above dates to look at the completed projects.

Have fun as a family working on a project and exploring science together.

New Summer Menus

Mr Griffiths has worked with the children across the school to design the new menus which will start on Monday 4 June 2018. They are available on the website for you to look at - here is a brief summary of the meals.

	Week 1	Week 2	Week 3
